

SmallRig

Top Mount Plate for Sony FX30 / FX3 XLR Unit

Operating Instruction

SmallRig Top Plate for Sony FX30/ FX3 XLR Unit MD3990, SmallRig Top Plate for Sony FX30/ FX3 XLR Unit MD3990, is designed to protect the audio unit of the Sony FX30 / FX3 XLR Handle, available to be attached to the top of the handle via the adapter or be secured via a 3/8"-16 screw of the Sony FX30 / FX3 XLR Handle Extension Rig MD3490. It perfectly fits the top of Sony FX30 / FX3 XLR Unit with built-in cushions for full protection, also equipped with multiple 1/4"-20 threaded holes and a built-in cold shoe mount for attaching other devices, such as a microphone, LED light, etc.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
