

SmallRig

Filter Tray (4 × 5.65")

Operating Instruction

SmallRig Filter Tray (4 x 5.65) 3319 forms part of Mini Matte Box 3196 and allows for quick installation of 4 x 5.65" plug-in filters of 4mm in thickness. It connects to the matte box via a NATO clamp and supports multiple filters at the same time. It also protects plug-in filters from minor bumps. You can hold its bezels to avoid leaving scratches and fingerprints while replacing filters.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

Product Details

Compatibility: 1: 4 x 5.65" plug-in filters of 4mm in thickness

Note: 1. Not 100 x 100mm filters compatible.

2. 4 x 4" filter tray 3320 (to be developed) is separately available.

Specifications

Product Dimensions: 176.16 x 112 x 13.0mm

Package Dimensions: 216 x 117.5 x 30mm

Net Weight: 24g±5g

Package Weight: 92g±5g

Material: PC+ Fiberglass

Manufacturer Email: support@smallrig.com

Manufacturer: Shenzhen Leqi Innovation Co., Ltd.

Add: Rooms 101, 701, 901, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.

Consignor: Shenzhen LC Co., Ltd.

Add: Room 201, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
