

SmallRig

Carbon Fiber Pocket Tripod Kit

Operating Instruction

SmallRig Carbon Fiber Pocket Tripod Kit (VT193C0-BH3) 5026, It is a pocket carbon fiber tripod designed for professional photographers. Compact and delicate yet powerful and stable, it can easily load up to 5kg, and the ball head can hold a 3kg camera and lens. The carefully designed storage size can be held with one hand or packed into a backpack side pocket, making it easy to carry for daily commuting without any pressure. The silicone cap of the foot nail is designed to be detachable, and the metal foot nails hidden inside, making it easy to shoot outdoors at any time.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

Guarantee Card	× 1	Ball Head	× 1	Tripod	× 1
Storage Bag	× 1				

Product Details

Carbon Fiber Tabletop Tripod

Leg Angle Locks

Carbon Fiber Material

Foot Spikes
