

SmallRig

Multifunctional Universal Metal Smartphone Holder

Operating Instruction

SmallRig Multifunctional Universal Metal Smartphone Holder 3559, featuring a cold shoe mount and 1/4"-20 threaded holes at the bottom, can be attached to top cold shoe of a camera as monitor or to realize dual camera shot, or attached to any cold shoe or equipment with 1/4"-20 screws, such as tripods; It tilts 180° for comfortable monitoring and rotates 360° for quick switch between horizontal and vertical shot. Double cold shoes connect microphone and LED lights in vertical shot, live streaming, vlogging. The portable holder weighs only 60g and is made of sturdy and durable metal, and comes with anti-slip silicon pads to protect smartphones from scratches.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

Product Details

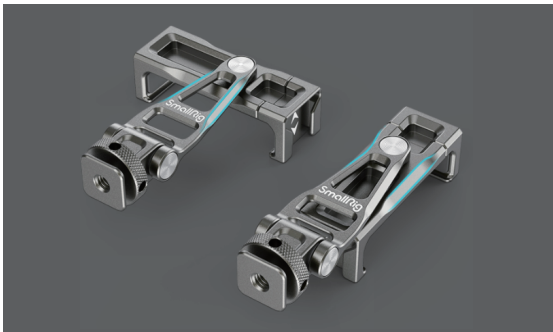

Easy to Use

Lightweight but Sturdy

Made of aluminum alloy material with the technique of precision segmentation

Attaches Accessories as Needed

Features a 1/4"-20 threaded hole on the bottom coming with aa cold shoe, and having one cold shoe on both sides for attaching more accessories

Live Streaming

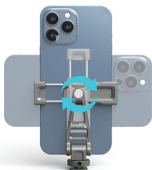

Synchronous Transmission of Photos & Videos

Easy Angel Adjustment

Damping adjustment allows 180° tilt and 360° swivel thanks to precision-fit hinge components, perfect for different scenarios.

*The weight capacity is up to 500g.

360°

180°

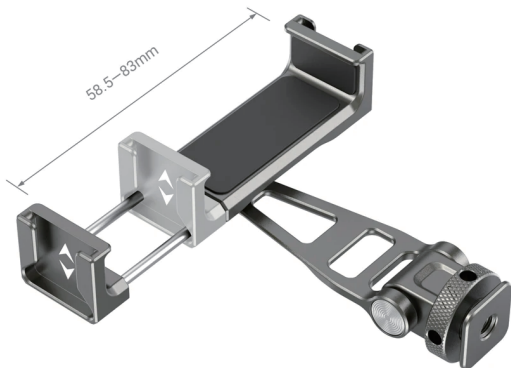

Vertical and Horizontal Shot

One-handed Adjustment for effortless shooting experience.

Specifications

Product Dimensions: 4.3 × 1.0 × 1.5in / 108.5 × 26.1 × 36.9mm

Package Dimensions: 4.9 × 1.9 × 1.4in / 125.0 × 50.0 × 35.0mm

Clamping Range: 2.3-3.3in / 58.5-83.0mm

Net Weight: 2.1±0.2oz / 60.0g±5.0g

Package Weight: 3.2±0.2oz / 90g±5g

Material: Aluminum Alloy, Silica Gel
