

SmallRig

L-Shape Mount Plate with Handle (for FUJIFILM X100VI X100V) (Black)

Operating Instruction

SmallRig L-Shape Grip for FUJIFILM X100VI / X100V (Black) 4556 is designed to improve the camera grip. The L-Shape Grip mounts to the camera with a 1/4"-20 screw at the bottom, and the built-in silicone pads prevent scratches. The texture and color of the grip perfectly match with FUJIFILM X100VI / X100V. The built-in Arca-Swiss quick release baseplate allows for easy and fast Arca-type tripod assembly and disassembly. Four 1/4"-20 threaded holes at the bottom to attach Manfrotto-type plates and tripods. Strap slot for Wrist Strap (ID: 3848). The built-in flat wrench on the bottom for easy accessory assembly and disassembly. The grip comes with the exclusive hot shoe cover imprinted with the "FUJIFILM" sound wave and the year of foundation as our tribute to FUJIFILM. It also comes with a shutter button cap to ensure a soft and comfortable finger touch.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

L-Shape Grip	× 1	Hot Shoe Cover	× 1
Shutter Button Cap	× 1	Guarantee Card	× 1

Product Details

Key Features

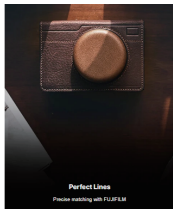

1. L-Shape Grip for FUJIFILM X100VI / X100V;
2. Ergonomically shaped silicone grip for better grip;
3. Texture and color perfectly match the camera;
4. Arca-Swiss quick release plate on the bottom for easy Arca-type tripod mounting;
