

SmallRig

"Black Mamba" Wrist Strap

Operating Instruction

SmallRig "Black Mamba" Hand Strap 3848 is designed to improve shooting stability and safety. It does not block top buttons of camera after installation and features breathable, sweat-absorbent microfiber lining and soft foam cushion to fit the back of hand in providing better shooting experience. The quick-release hand strap comes with a "Black Mamba"-style snap which allows for quick adjustment of tightness to ensure security. It is compatible with SmallRig cage, L-bracket, side handle, and baseplate.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
