## Aluminum Tabletop Mini Tripod

Operating Instruction

1. Universal tabletop mini tripod for supporting compact DSLRs, mirrorless cameras, smartphones, action cameras, and other devices, or handheld shooting.
2. Panoramic head with accurate calibration and independent pan knob for panoramic photography.
3. Ball head with knob supports multi-angle adjustment and quick switch between vertical shooting and horizontal shooting.
4. Standard Arca-Swiss style plate compatible with other A

## **Safety Guidelines**

### **1. Environment**

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### **2. Load Capacity**

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### **3. Cleaning & Maintenance**

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### **4. Structural Integrity**

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### **5. Malfunctions**

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

# Specifications

## Specifications ID: 3033

### Specifications

230 × 68 × 58mm

### Product Weight

217g

### Material

Aluminium Alloy

### Tripod Head Type

Ball Head

### Ball Head Screw

1/4" - 20

### Tripod Height

140mm-210mm

### Ball Head Diameter

80mm

### Load Capacity

5kg

### Panning Range:

360°

### Quick-Release Plate

For Arca Standard

### Number of Leg Action

1
