

SmallRig

Recorder Mount Plate for Zoom F3

Operating Instruction

SmallRig Mount Plate for Zoom F3 MD4883 is designed to securely and stably mount the Zoom F3 recorder while offering various expansion options. Featuring a 1/4"-20 screw, side slots, and body-contact padding, this plate ensures a firm attachment to the back of the F3 recorder, preventing rotation when used with additional accessories. The plate also features built-in 1/4"-20, 3/8"-16, and ARRI locating holes, along with 1/4"-20 locating holes, enabling the attachment of accessories such as monitor mounts, handles, camera cages, magic arms, and more.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

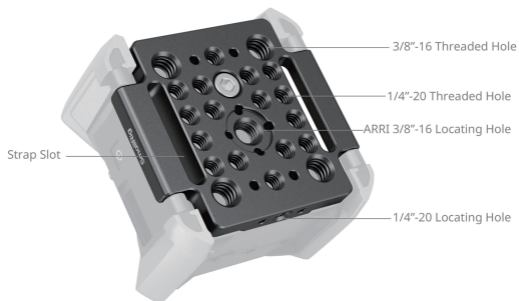

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
