## Cage for Sony ZV-1 II / ZV-1F / ZV-1

Operating Instruction

SmallRig Cage for Sony ZV-1 II / ZV-1F / ZV-1 Camera 2938 is a formfitting full cage designed to provide protection, accessory mounts and a comfort grip for ZV-1 II / ZV-1F / ZV-1. The bottom features multiple 1/4"-20 threads allows the battery and card changes without unscrewing a shooting handle or a tripod.

The cage secures to the lens of camera and features rubber pad inside to prevent scratching. Featuring multiple 1/4"-20 threads on top for extra Cold Shoe Mount 2044 and Mini Top Handle 2821. You can also attach the tripod to the right side of the cage to shoot vertically for TikTok. The cage provides an additional cold shoe on the bottom for microphone or light. You can also attach the Cable Clamp 1693 to protect HDMI cable. Additionally, the cage provides strap slot on each side and handgrip to provide a comfort grip.

## Safety Guidelines

### 1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### 2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### 3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### 4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### 5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
