

SmallRig

**mini Ball-Head Mounting Support Kit
with Removable Cold Shoe (2pcs)**

Operating Instruction

SmallRig Mini Ball Head with Removable Cold Shoe Mount (2pcs) 2948B is designed to attach video accessories to the camera, such as microphones, LED lights, monitors, action cameras, etc. It can be mounted onto the camera's hot shoe or onto the cold shoe of the cage or handle via the bottom cold shoe, with one 1/4"-20 screw on the top to attach accessories and then locked by a knob. The ball head is capable of 360°panning and 135°tilting and has a load capacity of 1.5kg. The bottom locking plate features built-in slots that allow to secure with Allen Wrench to ensure safe. The ball head features a 1/4"-20 female thread on the bottom enables to attach a mini tripod after removing the cold shoe adapter. The ball head is compact, lightweight, and easy to carry around, weighs only 47g.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

Ball head	× 2	Guarantee Card	× 1
Allen Wrench	× 2		

Wide Compatibility

Action camera

Monitor

DSLR Camera

LED Light
