

SmallRig

Mini Top Handle (14-20 Screws)

Operating Instruction

SmallRig mini Top Handle for Light-weight Cameras (1-4"-20 Screws) HTS2756B is ergonomically shaped for comfortable shooting experience. It attaches to the camera cages on the top via two 1-4"-20 screws, perfectly fitting your small sized cameras in order to keep the setup compact for daily shootings. It features an ARRI locating hole on the front for accessories like SmallRig Monitor Holder 2903B, and a cold shoe mount with anti-off button on the top for small devices like a mic or a LED ligh. It weighs only 79g and is very low-profile for easy storage.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
