Crab-Shaped Clamp (for Phones) (9.8")

Operating Instruction

SmallRig Crab-Shaped Clamp for Phones (9.8") 5326 integrates a magic arm, a super clamp, and smartphone clamp. One end features a 1/4"-20 screw for mounting action cameras, monitors, microphones and other accessories, while the other end can be clamped to tubes, tables, tripod legs, or stabilizer handheld ring, with a clamping opening range of 14-50mm / 0.5-2.0in. The joint between the magic arm and the super clamp features an anti-deflection design to ensure stability and prevent loosening and detachment during movement. The clamp's jaws are lined with protective pads to prevent scratches and enhance stability. This product includes a phone holder to accommodate smartphones for shooting.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
