

SmallRig

NP-F Battery Adapter Mount Plate (Lite)

Operating Instruction

SmallRig NP-F Battery Adapter Mount Plate (Lite) 3018 is designed to provide greater battery life for your camera rig via a Sony NP-F battery. It provides different output ports, including a 12V DC (5.5/2.5mm) output port and a 7.4V DC (5.5/2.1mm) output port. It features an LED indicator that will turn red when the battery level is less than 30 percent. When the indicator flashes, it means the battery level is less than 10 percent, and you need to replace the battery. The plate features a rubber pad on the bottom for a more stable installation.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

NP-F Battery Adapter Plate	× 1	1/4"-20 Mounting Screw	× 1
Allen Wrench	× 1	Guarantee Card	

Product Details

• DC 5525 Cable Compatible

DC 5521 Cable Compatible •

Specifications

Maximum operating power of the whole machine	≤ less than battery power (based on NP-F battery capacity)
DC5521 7.4V output port	6.4V-8.4V MAX:2A
DC5525 12V output port	12V±5% MAX:1.5A

Note: The 3018 base is compatible with BMPCC 4K/6K, but not compatible with BMPCC 6K Pro

Note:

1. Please do not use it in a damp environment to avoid a short circuit.
2. This product does NOT include charging cables or NP-F battery.
3. Please note the product has no built-in battery..

Compatibility: Sony NP-F battery

Product Dimensions: 94 x 18.7 x 45.9mm

Package Dimensions: 106 x 98.5 x 34mm

Net Weight: 48.5g±5g

Package Weight: 98.5g±5g

Material(s): ABS+PC

*Please note the import tax may occur.
