## **Foldable L-Shape Mount Plate for Sony Alpha 7R V / Alpha 7 IV / Alpha 7S III**

Operating Instruction

SmallRig Foldable L-Bracket for Sony Alpha 7R V / Alpha 7 IV / Alpha 7S III 3984 facilitates quick switch between horizontal and vertical shooting while maintaining access to LCD flip screen. The Arca-Swiss side plate is quickly folded onto the bottom via a folding press button for horizontal shooting and stored as one portable piece of accessory, and the baseplate can be stretched for vertical shooting to allow cables access. Locking the camera via a 1/4"-20 screw and locating pins at the bottom, the L-bracket features cushions to prevent scratches and twisting as well as a hinge arm at the battery door that fits the camera curve and enhances the grip experience. In the baseplate, there are multiple 1/4"-20 threaded holes for Magic Arm 3873 and Cold Shoe 2935 for the monitor, microphone, and other accessories in video production, a wrist strap hole, and a QD connector for quick attachment of QD shoulder strap and wrist strap, and a slotted screwdriver available for L-bracket disassembly and stretch.

## Safety Guidelines

### 1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### 2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### 3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### 4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### 5. Malfunctions

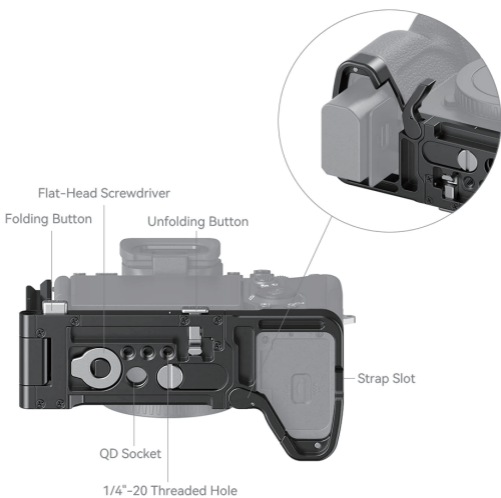

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

## In the Box

Guarantee Card × 1

Foldable L-Bracket × 1

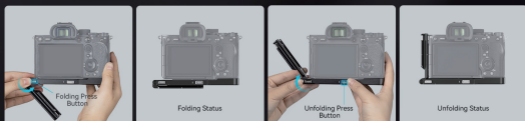

## Product Details

## Installation Guide

### Quick Switching between Horizontal & Vertical Shooting

Press the button in the corner to fold the side plate with the baseplate, making it integrated as an baseplate for Arca-Swiss

\* Press the middle button to quickly unfold the side plate for vertical shooting

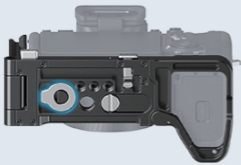

### With Anti-Deflection Pin

### Side Plate & Baseplate All for Arca

### Built-in Flat-head Screwdriver

### Easily Fold the Side Plate

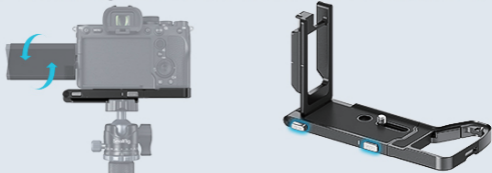

### A Hinge Arm at Battery Door

### Stretchable Baseplate in Vertical Mode

### LCD Screen Fully Turned Over Two Press Button for Fold & Unfold

# Specifications

## Compatibility:

Sony Alpha 7R V  
Sony Alpha 7 IV  
Sony Alpha 7S III

## Parameters:

**Product Dimensions:** 147.2 x 86.8 x 69mm  
**Package Dimensions:** 181 x 102.5 x 41mm  
**Product Weight:** 144g±5g  
**Package Weight:** 193.8g±5g  
**Material(s):** Aluminum Alloy, Stainless Steel
