

SmallRig

VT-15 Vlog Tripod in Carabiner Shape

Operating Instruction

SmallRig VT-15 Vlog Tripod in Carabiner Shape 5285 offers a cost-effective shooting solution for mirrorless cameras, action cameras, and smartphones, accommodating handheld, desktop, and suspended shooting scenarios.

This 4-section telescoping mount is perfect for close-range desktop filming as well as extended handheld shots. Its innovative carabiner-style design ensures easy portability while providing a comfortable grip during handheld use. The integrated mantis hook at the tail end of the carabiner allows for secure suspension from basketball courts, glass railings, and more, enabling limitless creative possibilities.

Equipped with a standard 1/4"-20 screw at the top, the mount ensures universal compatibility with all devices featuring 1/4"-20 threaded holes.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
