## Heavy-Duty Fluid Head Tripod Kit AD-01S

Operating Instruction

SmallRig Heavy-Duty Fluid Head Tripod Kit AD-01S 4686, is a video tripod kit to facilitate video shooting. The tripod has adjustable legs, quickly retracted and extended via flip locks, with a height ranging from 84 cm to 187cm and a folded length of 88cm. The video head with adjustable step-less damping system on TILT and fixed counterbalance system to provides smooth pan and tilt camera movements; The video head load capacity is 6kg (13.2lb). When its center of gravity height is put at 55mm, the panning, and pre-set counterbalance system can help precisely control the camera or other rigs weighing up to 4kg for great counterbalance. It has a newly-designed snap-on quick-release plate mount, a more efficient mounting solution than traditional slide-on ones, which is DJI RS Series quick release plate and 501PL quick release plate compatible to realize a free switch between stabilizer shooting and tripod shooting. There is a pan bar suits both left-handed and right-handed users. The video head also comes with two anti-deflection 1/4"-20 threaded holes to support the magic arm and other accessories and a built-in wrench to help install and release the camera. The tripod is equipped with an anti-dislodgement foot spiked design, and the spiked feet mode can be switched through the rotating feet pads, which can meet the needs of different scenarios. Other features aluminum alloy tripod legs, and a customized carrying bag for better storage, protection, and carrying around.

## **Safety Guidelines**

### **1. Environment**

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### **2. Load Capacity**

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### **3. Cleaning & Maintenance**

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### **4. Structural Integrity**

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### **5. Malfunctions**

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

## In the Box

Guarantee Card × 1

Storage Bag × 1

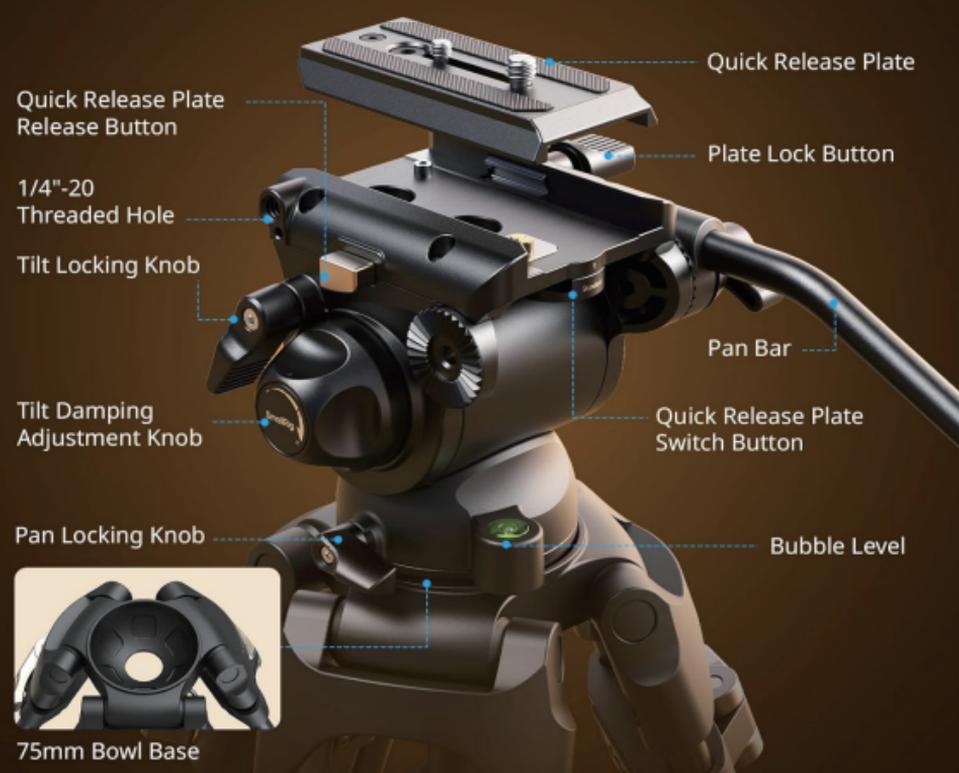

Smartphone Holder × 1

Allen Wrench × 1

Tripod Kit × 1

## Product Details

### Dynamic Head with Outranged Performance

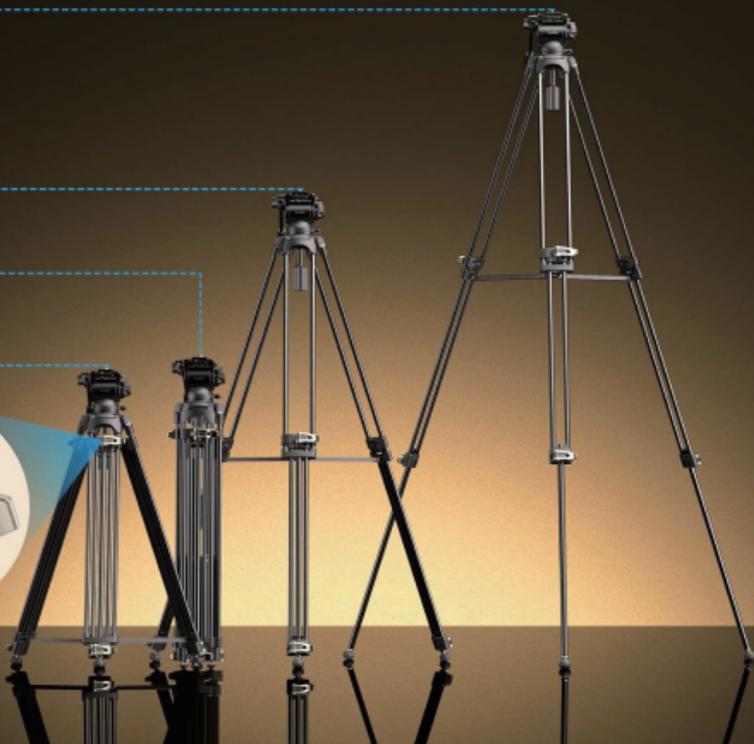

### Height Adjustable

Max Height  
187cm / 73.6in

2-Section Height  
134cm / 52.7in

Storage Length  
88cm / 34.6in

Min Height  
84cm / 33.1in

### Press-to-Mount Quick Release Mounting

Head adopts press-to-mount design for quick plate attachment,  
For MFT, for DJI RS 2 / RS 3 QuickRelease Plate

# Specifications

Product Dimensions: 883.0 × 165.0 × 145.0mm / 34.8 × 6.5 × 5.7in  
Package Dimensions: 945.0 × 180.0 × 180.0mm / 37.2 × 7.1 × 7.1in  
Product Weight: 4.1 ± 0.1kg / 9.0 ± 0.2lb  
Package Weight: 5.3 ± 0.1kg / 11.7 ± 0.2lb  
Working Height: 84.0cm - 187.0cm / 33.1 - 73.6in  
Storage Length: 88.0cm / 34.6in  
Leg Diameter: 14.0mm / 18.0mm; 0.5in / 0.7in  
Base Diameter: 75.0mm / 2.9in  
Tilt Range: 90° / -75°  
Tilt Control: Stepless  
Pan Control: Fixed  
Counterbalance: Fixed 4.0kg / 8.8lb  
Handle Length: 28.0cm / 11.0in  
Quick Release Plate Length: 10.0cm / 3.9in  
Material(s): Aluminum Alloy, POM, Stainless Steel, Silicone
