## Video Head Mount Plate CH3

Operating Instruction

SmallRig Video Head CH3 4936 is a compact and portable fluid head designed for shooting video. It comes with a detachable handle, compatible either on the front side or back side, for easier storage and more portability; and a wrench for enables switch the mounting direction of the quick release plate, supporting cage, and L-bracket. It also swivels 360° and tilts 90° / -70° to take steady shots from different angles. Besides, this tripod can support accessories like a magic arm via the anti-deflection 1/4"-20 threaded hole. It weighs only 271g and bears as much as 3kg, making it a good companion for shooting outdoors.

## Safety Guidelines

### 1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### 2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### 3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### 4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### 5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

## In the Box

| Top Handle   | × 1 | Guarantee Card | × 1 |
| Allen Wrench | × 2 |                |     |

## Product Details

## Key Features

- 1.Compact, high load-bearing capacity
- 2.Built-in threaded hole for attaching other accessories

## Note:

- 1.Before shooting, make sure the head and tripod locking status are in normal condition.
- 2.Avoid use in sandy or dusty environments to prevent the risk of damage.
- 3.Max payload of head: 3kg / 6.6lb
- 4.The weight capacity of the video head is not the absolute limit; it varies depending on the type of equipment, lenses used, accessories attached, and changes in the center of gravity.

# Specifications

Product Dimensions: 240.0 × 55.0 × 85.0 mm / 9.4 × 2.2 × 3.4in

Package Dimensions: 250.0 × 72.0 × 100.0 mm / 9.8 × 2.8 × 3.7in

Product Weight: 271g

Package Weight: 400g

Work Height: 7cm

Base Diameter: 44mm

Tilt Range: +90°/-70°

Head Payload: 3kg / 6.6lb

Counterbalance Payload: 1.0kg / 2.2lb

Counterbalance Step: Fixed

Tilt Control: Fixed

Pan Control: Fixed

Material(s): Aluminum Alloy, POM, Stainless Steel, Silicone
