

SmallRig

Universal 9-in-1 Folding Multi-Tool Kit for Videographers

Operating Instruction

SmallRig Universal 9-in-1 Folding Multi-Tool kit for Videographers TC2713 combines 9 fold-out tools useful for videographers with threaded storage holes for keeping screws close to hand. Constructed with stainless steel tools and an aluminum casing, this multi-tool consists of a wide and a narrow flat head screwdrivers, a PH1 Phillips screwdriver, and H1.5、 H2.0、 H2.5、 H3.0、 H4.0、 3/16 Allen wrenches. Threaded holes on one side of the multi-tool provide storage spaces for M2.5, M3, M4, M5, and 1/4"-20 screws.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
