

SmallRig

VT-07 Action Cam Tripod in Carabiner Shape

Operating Instruction

SmallRig VT-07 Action Cam Mantis Tripod in Carabiner Shape 5568 offers a cost-effective shooting solution for action cameras users, accommodating handheld, desktop, and suspended shooting scenarios.

This 4-section telescoping mount support is ideal for close-range desktop filming as well as extended handheld shots. Its innovative carabiner-style design ensures easy portability while providing a comfortable grip during handheld use. The integrated mantis hook at the tail end of the carabiner allows for secure suspension from basketball courts, glass railings, and other surfaces, enabling limitless creative possibilities.

Equipped with an action camera mount adapter at the top, this tripod allows for 180° tilt for versatile shooting angles.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
