

SmallRig

Multifunctional Filter Kit (for DJI Osmo Pocket 3)

Operating Instruction

SmallRig Multifunctional Filters Kit for DJI Osmo Pocket 3 5122 is a multifunctional filters set specially designed for the DJI Osmo Pocket 3. This set includes one 1/4 black diffusion & ND16 & CPL filter, one 1/4 black diffusion & VND filter, one 6-point star filter, and one tempered screen protector. The 1/4 black diffusion & ND16 & CPL filter effectively softens the light, prevents overexposure and minimizes reflections on non-metallic surface, enhancing overall image quality. The 1/4 black diffusion & VND filter combines a 1/4 black diffusion filter with a 2-5 stops variable ND filter, creating softened light while enabling smooth exposure control in varying lighting conditions. The 6-point star filter can produce brilliant starburst effects in the image highlights. The tempered screen protector offers durability and clarity, effectively protecting the screen from scratches.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

1/4 Black Diffusion & ND16 & CPL Filter	× 1	6 Point Star Filter	× 1
1/4 Black Diffusion & VND 2-5 Filter	× 1	Storage Case	× 1
Screen Protector	× 1	Guarantee Card	× 1

Product Details

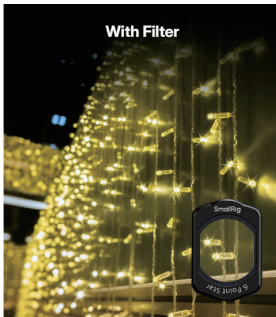

Compatibility: DJI Osmo Pocket 3

Key Features:

1. Multifunctional filter set allows for stacking up to three filters
2. Magnetic attachment facilitates a seamless shooting experience
3. Compact and lightweight design that doesn't obstruct gimbal rotation or storage

With Filter

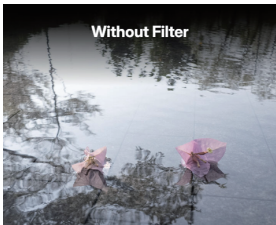

1/4 Black Diffusion & VND Filter

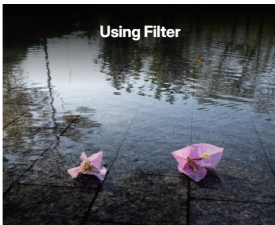

Create a more gentle look by softening and reducing harsh light

Without Filter

Using Filter

Magnetic Mount Design

Innovative lens design for easy mark-free attachment

Advanced multilayer coating offers enhanced durability, resistance to scratches and abrasions, and repels water and oil

Specifications

Product Dimensions: 22.9 × 16.0 × 2.2mm / 0.9 x 0.6 x 0.08in

(Maximum Filter Size)

Package Dimensions: 123.0 × 71.0 × 14.5mm / 4.8 x 2.8 x 0.6in

Product Weight: 24.0 ± 5.0g / 0.8 ± 0.2oz

Package Weight: 32.0 ± 5.0g / 1.1 ± 0.2oz

Material(s): Glass, Aluminum Alloy, Magnet
