

SmallRig

L-Shape Mount Plate with Handle (for Sony ZV-1)

Operating Instruction

SmallRig L-Shape Wooden Grip with Cold Shoe for Sony ZV1 Camera 2936 is designed to provide a comfortable grip and accessory mounts for ZV1. The L grip secures to the bottom of camera via a 1/4 screw and features anti-twist flanges to prevent twisting. The baseplate features multiple 1/4"-20 threads allows the battery and card changes without unscrewing a shooting handle or a tripod. The L bracket provides an additional cold shoe on the bottom for microphone or light. Featuring multiple 1/4" -20 threads on top for extra Cold Shoe Mount 2881 so that you can attach light and microphone at the same time which makes vlogger's work much easier. You can also attach the tripod to the right side to shoot vertically. Additionally, it provides strap slots on the side and a wooden handgrip to provide a comfortable grip.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
