

SmallRig

Crab-Shaped Clamp and Magic Arm with Cold Shoe (11in)

Operating Instruction

SmallRig Crab-Shaped Clamp and Magic Arm with Cold Shoe (11 in) 3726 consists of a crab-shaped clamp and a magic arm (11"). It is made of aluminum alloy and stainless steel to increase robustness and durability. Particularly, the clamp features 1/4"-20 and 3/8"-16 threads and maximum/minimum open distance of 54mm and 15mm; the magic arm has a 1/4"-20 screw at one end and a cold shoe at the other, allowing being mounted onto such accessories as a cage, LED light, microphone, monitor, as well as double ball heads that enable 360-degree adjustment as needed. The magic arm together with the clamp quickly connects cameras, monitors, lights and other equipment with pipe posts, tables, bike bars, etc. Both the clamp and the magic arm are fitted with rubber pads to prevent scratches and help lock equipment in place.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

Product Details

Lightweight, durable and robust design

Weight only 385g

Made of aluminum alloy

Made of stainless steel

Easy to Assemble

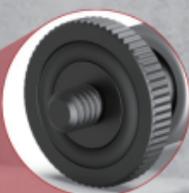

Cold Shoe

Max 54mm

3/8"-16 Threads

All-round Protection

Easy to Use

Designed for photography; clamp maximum open distance of 54mm;
360-degree adjustable magic arm;

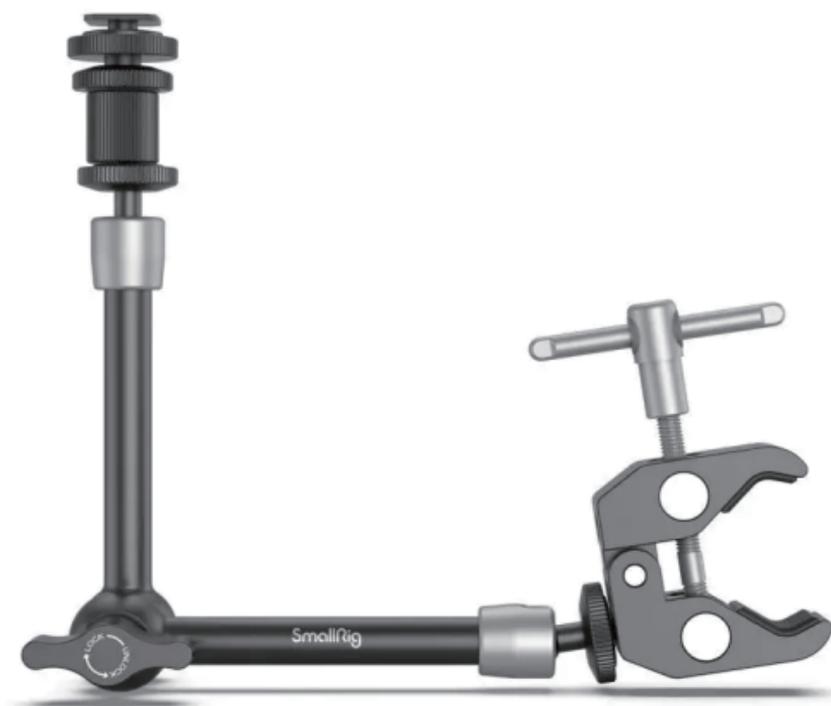

*Built-in cushions for safety and stability;

*Note: Max load: 1.5kg

Specifications

Product Dimensions: 9.1 × 5.6 × 9.1in / 230.0 × 143.0 × 230.0mm

Package Dimensions: 7.2 × 4.1 × 1.7in / 182 × 104 × 42mm

Net Weight: 13.6 ± 0.2oz / 385g ± 5g

Package Weight: 16.4 ± 0.2oz / 465 ± 5g

Material: Aluminum Alloy

Manufacturer Email: support@smallrig.com

Manufacturer: Shenzhen Leqi Innovation Co., Ltd.

Add: Rooms 101, 701, 901, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.

Consignor: Shenzhen LC Co., Ltd.

Add: Room 201, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
