

SmallRig

V Mount Battery Mount Plate with Dual 15mm Rod Clamp

Operating Instruction

SmallRig V Mount Battery Plate with Dual 15mm Rod Clamp 3016 utilizing a standard V mount fits most V mount batteries to provide greater battery life for your camera rig with your battery's power port(s). It comes with a dual 15mm rod clamp to help mount the plate to your 15mm LWS rod system in a variety of different installation ways. The plate itself features multiple 1/4-20" countersinks, M3 countersinks, M4 countersinks, 1/4-20" thread holes, M4 thread holes, and an ARRI 3/8" -16 thread hole to attach a dual rod clamp, a magic arm, or other accessories. Two stoppers will prevent the battery from twisting when attached. The plate is also compatible with the Blackmagic URSA mini.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

V Mount Battery Plate	× 1	Dual 15mm Rod Clamp	× 1
1/4-20" Screw (short)	× 4	1/4-20" Screw (long)	× 2
Allen Wrench	× 3	M4 Screw	× 4
		M3 Screw	× 4

Product Details

Note:

1. No V-Lock part (male) provided with the plate.
2. This is purely a mounting solution for a V-mount battery — no power ports on the plate.

Easy to Use

Specifications

Product Dimensions: 132.5 × 108 × 17mm

Package Dimensions: 135 × 100 × 55mm

Net Weight: 190g ± 5g

Package Weight: 242g ± 5g

Material(s): Aluminum Alloy

The plate fits most V mount batteries but PAGlink series V mount batteries and Patona Premium Battery for BP-190WS.
