

SmallRig

Super Clamp with Ball Head Mount (1/4"-20 Screw)

Operating Instruction

SmallRig Super Clamp Mount with 1/4" Screw Ball Head Mount 1124 is made of lightweight aluminum alloy. This super clamp can mount onto anything like cameras, lights, umbrellas, hooks, shelves, plate glass, crossbars and even other super clamps. The maximum opening of this super clamp is 40mm while the minimum is 15mm. It could attach and detach from a monitor quickly and the position of the monitor is adjustable as per your needs during shooting.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
