

SmallRig

12mm / 15mm Single Rod Clamp

Operating Instruction

SmallRig 12mm/15mm Single Rod Clamp 3598 works with SmallRig cage to provide a follow focus solution and make for a complete shooting system. It supports cage 3440, 3277, 3278 and 3212 and locks via a 1/4"-20 knob screw and a locating pin. Compatible with 15mm rod, the clamp also fits follow focus system using 12mm rod through an attached 12mm rod clamp adapter. The knob screw makes it easy to remove and install.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
