## Cage Kit for DJI Osmo Pocket 3

Operating Instruction

SmallRig Cage Kit for DJI Osmo Pocket 3 5117 is a half cage tailored for the DJI Osmo Pocket 3 Creator Combo. Its precise construction ensures full access to camera buttons and unobstructed screen rotation. Built-in anti-slip pads help prevent scratches on the camera, offering enhanced protection and security. Additionally, it features two 1/4"-20 threaded holes on each side and two 1/4"-20 locating holes at the bottom, allowing for attaching various accessories, including NATO rails, handles, magic arms, and more for diverse scenarios.

## Safety Guidelines

### 1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### 2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### 3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### 4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### 5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

## In the Box

Cage × 1

NATO Rail × 1

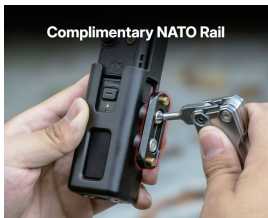

Allen Wrench × 1

Guarantee Card × 1

## Product Details

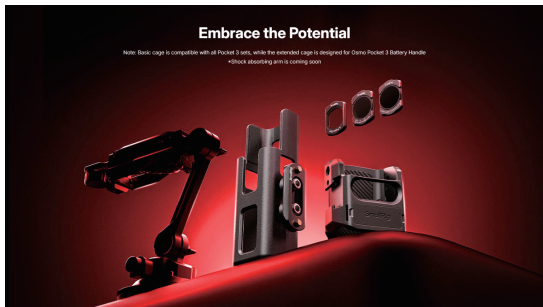

## Compatibility

## Embrace the Potential

Note: Basic cage is compatible with all Pocket 3 sets, while the extended cage is designed for Osmo Pocket 3 Battery Handle  
\*Shock absorbing arm is coming soon
