

SmallRig

Threaded Side Handle with Record Start Stop Remote Trigger

Operating Instruction

SmallRig Threaded Side Handle with Record Start/Stop Remote Trigger 3323 is designed to provide convenient record start/stop control for a stable and comfortable shooting experience. Ergonomically-designed, all-in-one wood handle improves grip experience. It firmly secures to a cage with two 1/4"-20 threads and adjustable height. Its top features 1/4"-20, 3/8"-16 threaded holes and a cold shoe for Monitor Mount 2904 and 2905; its built-in spanner allows for easy disassembly and assembly of accessories. It is equipped with three control cables, supporting Sony A1 II/A7II/A7III/A7 IV/A9 III/A6000/A6500, FUJIFILM X-T3/X-T4/X-T20/X-T30, Panasonic GH4 / GH5 / 5S / GH6 / GH7 / G9 / G95 / S5 IIX / S5 II / S5 / S1 / S1R / S1 / BGH1/ BS1H and Z CAM E2 / M4 / S6. Add a longer Control Cable ID:3407 which is sold separately to your shoulder kit for Sony cameras. The handle is compatible with the following cameras:

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
