

SmallRig

Super Clamp

Operating Instruction

SmallRig Super Clamp 2220 is designed to improve the look and features of the current super clamp so that it suits more shooting scenarios and meets customer requirements. The super clamp has a T-shaped handle which fits fingers nicely. The jaw is fitted with rubber pads on the inside removing the wear and tear of the rod it clamps on. The clamp can open 10 to 55 mm and is able to clamp onto just about anything. It comes with 2 1/4" threaded holes and 1 arri locating hole making possible attaching accessories such as a mini nato rail and an arri locating magic arm.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

Product Details

Product selling point

1. Universal and ideal for use in many applications

Adjustable Jaw

The jaw opens to max about 2.3"(55mm) and minimum 10mm

Used on 15mm rod ▲

Used on tripod ▲

Add a Variety of Accessory Types to Your Rig

Used with NATO rail

ARRI Locating pins

with magic arm

2.Durable, robust and secure

3.Perfectly suitable for video-shooting via two types of mounting points

4.T-handle fits fingers well enhancing comfort

Specifications

Compatibility:

Accessories with diameters of 15mm-40mm

Parameter:

Product dimensions: 78 x 52 x 20 mm

Product weight: 99 g

Material: Aluminum alloy + Stainless steel

Manufacturer Email: support@smallrig.com

Manufacturer: Shenzhen Leqi Innovation Co., Ltd.

Add: Rooms 101, 701, 901, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road, Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.

Consignor: Shenzhen LC Co., Ltd.

Add: Room 201, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road, Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.
