

SmallRig

Sun Hood for Atomos Shinobi 5" / Ninja Series

Operating Instruction

SmallRig Sun Hood for Atomos Shinobi 5" / Ninja Series VH2269 is a dedicated sun hood fitted into the SmallRig Cage 2209/2305 by 4 velcro tapes, which is easy to take on and removed. It helps to provide great viewing experience even in harsh lighting conditions.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
