

SmallRig

Cage (for GoPro)

拓展框（适用于GoPro）

Operating Instruction

SmallRig Cage for GoPro 3083C comes with two cold shoe mounts, which are compatible with GoPro Light Mod and common microphone, LED video light, providing a perfect Vlog filming solution. Its bottom mount supports the original GoPro 7 / 8 microphone adapter. It's also compatible with other accessories released with the GoPro Hero13, including the GoPro ND Filter Kit for HERO 13 Black, GoPro Ultra Wide Lens Mod for HERO 13 Black GoPro Macro Lens Mod for HERO 13 Black, and GoPro Contacto Power Door for HERO Action Cameras. And the attached side plate is interchangeable with the original one to allow audio recording while charging. The cage fits the camera so well that it does not block the screen, buttons and USB-C port. It can be quickly locked by pressing the cover and released by pushing the button, only by hand. The bottom also features a dedicated foldable GoPro mount for the original GoPro baseplate or other accessories.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
