

SmallRig

"Black Mamba" Cage for Canon EOS R5 C / R5 / R6

Operating Instruction

SmallRig "Black Mamba" Cage for Canon EOS R5 C / R5 / R6 3233B is designed to provide protection and accessory mounts. Locking camera via one 1/4"-20 screw, locating pins and the left strap hole, the cage features silicone cushions to prevent scratches and clear outlines around the grip, maintaining full access to camera controls. It has 1/4"-20 & 3/8"-16 threaded hole for Side Handle HSN2093 & 3260, Top Handle 3786, Magic Arm 2070, Monitor Mount 2903; cold shoe mount for microphone, LED light; and strap holes for Wrist Strap 3848, Shoulder Strap PSC2428. The bottom Arca-Swiss plate, which supports DJI RS 2 / RSC 2 / RS 3 Pro / RS 4 Pro and Arca-Swiss tripod, enables quick switch among handheld, stabilizer, and tripod shooting. Besides, a built-in screwdriver is included for easy access and disassembly.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
