

SmallRig

Bottom Mount Plate with Dual 15mm Rod Clamp

Operating Instruction

This low profile base plate is a simple and light base plate for the current popular cameras, such as Sony FS7, Sony A7 series, Canon C100/C300/C500 etc. It attaches to a camera with a 3/8"-16 or 1/4"-20 screw. The base plate features 15mm diameter and 60mm spaced rod holes that allows you to mount a follow focus, matte box, lens support or other accessories. It is specifically designed to keep the weight down and let the operator use the FS7's inbuilt shoulder pad, minimizing the amount of extra weight and gear needed for a rig. With 1/4"-20 & 3/8"-16 threads on bottom, this base plate can be attached to any tripod.

Safety Guidelines

1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

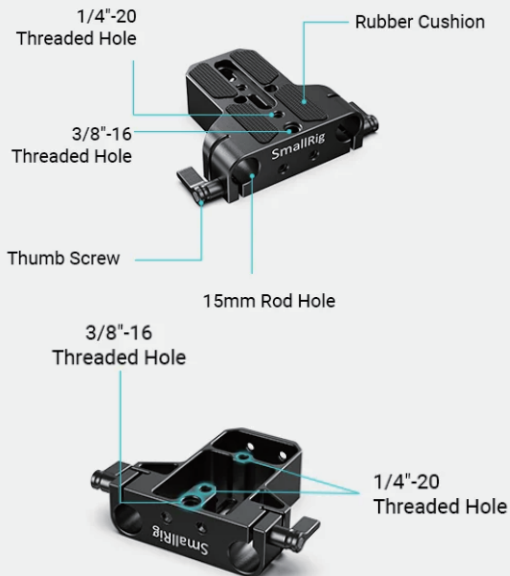

5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

In the Box

Base Plate	× 1	1/4" Fixing Screw	× 1
3/8" Fixing Screw	× 1	1/4"-20 Screw	× 1
Hex Spanner	× 1	Guarantee Card	× 1

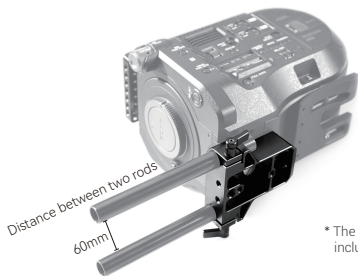

Product Details

Can be connected to many tripod plates.

Easy to Use

Compatible with 15mm-rod System

* The package does not include the camera.

*Equipped with a 15mm rod clamp that connects to video rigs and other video devices with 15mm rods.

* The package does not include the camera.

*Available to use with a follow focus, mattebox, or lens support.

Can be connected to camera or cage via screws

1/4"-20 screw

1/4" screw & 3/8" screw

Specifications

Compatibility

Most SLRs and Micro Cameras

Parameters

Product dimensions: 3.1 × 3.1 × 1.0in / 80 × 80 × 26mm

Product weight: 6.0 ± 0.2oz / 171 ± 5g

Material: Aluminum alloy, rubber

Manufacturer Email: support@smallrig.com

Manufacturer: Shenzhen Leqi Innovation Co., Ltd.

Add: Rooms 101, 701, 901, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.

Consignor: Shenzhen LC Co., Ltd.

Add: Room 201, Building 4, Gonglianfuji Innovation Park, No. 58, Ping'an Road,
Dafu Community, Guanlan Street, Longhua District, Shenzhen, Guangdong, China.
