

# SmallRig

## mini V-Lock Mount Plate

Operating Instruction

SmallRig Mini V-Lock Assembly Kit MD2801 is a quick release set based on the standard V-Lock. It comes with a Female V-Dock and a Male V-Lock. There are 2 1/4-20 mounting holes on the Female V-Dock, and you can attach this assembly directly to a SmallRig camera cage kit, SmallRig monitor frame, or SmallRig shoulder pad mount. In addition, you can mount this assembly kit to SmallRig battery hinge MD2802 which is designed for adjusting angle of the battery with this setup to power all the accessories, which minimizes camera weight. The V-Lock with three M3 holes can be used as a replacement of the original V-Lock comes with the V-Mount battery.

## Safety Guidelines

### 1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### 2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### 3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### 4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

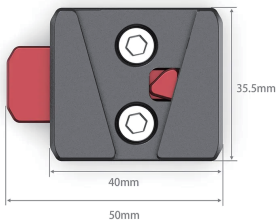

### 5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

## In the Box

Female V-Dock	× 1	Male V-Lock	× 1
Spanner	× 1	Guarantee Card	× 1

# Product Details

## Standard V-Lock quick release set

Lightweight and portable

## Featuring 2 1/4-20 mounting holes for anti-twisting

The attached V-lock can replace the original V-Lock of the V-Mount battery

# Specifications

**Product Dimensions:** 2.0 × 1.4 × 0.6in / 52.0 × 35.5 × 14.0mm

**Package Dimensions:** 2.4 × 1.9 × 1.6in / 63.0 × 50.0 × 40.0mm

**Net Weight:** 1.7oz / 48.0g

**Package Weight:** 2.3oz / 66g

**Material(s):** Aluminum Alloy
