

# SmallRig

## Top Handle with Monitor Support Kit (Compatible with Cold Shoe)

Operating Instruction

SmallRig Top Handle with Monitor Support Kit (Compatible with Cold Shoe) 5322 is expertly crafted to enhance low-angle shooting while alleviating strain on your arms. Its ergonomic design incorporates anti-slip and anti-freeze silicone, providing a comfortable grip, while the hollowed-out structure reduces the weight to only 124g / 4.4oz.

Equipped with five cold shoe mounts—three at the front and two at the rear—this kit allows for the simultaneous mounting of microphones, video lights, monitors, and other accessories. The ARRI 3/8"-16 locating holes allow for the attachment of monitor mounts (ID 2903 / 2348), while the 1/4"-20 threaded holes enable the use of magic arm (ID 2070) for monitors and remote control (ID 2924).

An included Allen wrench facilitates easy assembly and disassembly by tightening the locking screw, making setup a breeze.

## **Safety Guidelines**

### **1. Environment**

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### **2. Load Capacity**

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### **3. Cleaning & Maintenance**

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### **4. Structural Integrity**

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### **5. Malfunctions**

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

## In the Box

Monitor Mount	× 1	Top Handle	× 1
Allen Wrench	× 1	Guarantee Card	× 1

## Product Details

## Key Features

1. Ergonomically designed to enhance grip and minimize arm strain
2. Primarily made of aluminum alloy with anti-slip and anti-freeze silicone for enhanced comfort
3. Hollowed-out structure reduces weight to only 124g / 4.4oz
4. Five built-in cold shoe mounts for attaching microphones, video lights, monitors, and other accessories

# Specifications

Product Dimensions: 135.0 x 52.6 x 120.8mm / 5.3 x 2.0 x 4.7in

Package Dimensions: 181.0 x 102.5 x 41.0mm / 7.1 x 4.0 x 1.6in

Net Weight: 54.0 ± 5.0g / 7.0 ± 0.2oz

Package Weight: 253.0 ± 5.0g / 8.9 ± 0.2oz

Material(s): Aluminum Alloy, Silicone, Stainless Steel
