

# SmallRig

## Cold Shoe Adapter Mount Plate (2pcs)

Operating Instruction

The Hot Shoe Adapter 3/8" to 1/4" is part of the CoolArm11, and may be used to mount an accessory with 1/4" socket to the hot shoe of a camera.

The thread is 3/8" to 1/4": the thread top part is 1/4" , bottom part is 3/8".

## Safety Guidelines

### 1. Environment

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### 2. Load Capacity

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### 3. Cleaning & Maintenance

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### 4. Structural Integrity

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### 5. Malfunctions

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.

## In the Box

Shoe Mount Adapter      × 1

1/4" thread

3/8" thread

Material: Aluminum Alloy  
Net Weight: 60g
